

# Long Term Care Meeting Online with Linda Hicks

---

During an online interactive session with Ms. Hicks, actual plan designs will be discussed and inserted into a spread sheet viewable on your screen comparing the major carriers in your state on an “apples to apples” basis. Benefits and premiums, based on your age, health, and lifestyle status (*married/domestic partner/single*) will appear side-by-side.

**To schedule a virtual on line meeting**, click on Linda’s image. Your request will be forwarded to her private email address. Expect a prompt response.

Please provide:

- the name(s) of the participants
- phone number/preferred email address and convenient times of day or evening

Linda Hicks will respond with several possibilities from which you can select. Allow the better part of an hour for the session; you will want to be on a PC as opposed to a tablet, and have your printer running.

## **Expectations**

At the end of the session you will have a clear understanding of why and when these plans are appropriate (or not); precisely what they cover and cost; and how they coordinate with health insurance and Medicare and may be able to contribute to deductibles and co-pays. Also, Partnership Plans and tax benefits in your particular state will be addressed. You will be provided with the 2 or 3 best plans for your situation and consideration.
